### **Project Engineer – Columbus, Ohio**

---

Welty Building Company is seeking to fill key field positions based out of our Columbus, Ohio office. Welty provides professional construction management services, specializing in Lean Construction, for clients in a variety of healthcare, commercial, education, energy and hospitality markets nationwide. With offices in Akron, Cleveland and Columbus, Ohio, Houston, Texas and Pittsburgh, Pennsylvania, Welty has been Enriching Lives through Great Buildings since 1945. Welty has had the distinction of creating some of the most prestigious community assets, including the world-renowned Goodyear® Tire & Rubber Company's new Global Headquarters, major renovations to the Pro Football Hall of Fame, Kay Jewelers Pavilion at Akron Children's Hospital, the FirstEnergy Transmission Control Center, Scioto Downs and many others. At Welty Building Company, we live our terminal values of **Family, Safety, Communications, Diplomacy, Prosperity and Personal Growth**. We bring a creative energy to our projects where every individual is an essential part of the team. The work we do is collaborative, with an entrepreneurial spirit, and opportunity for growth and improvement. With our cutting edge approach, we expand the boundaries of the way things have always been done in favor of innovation, and exceeding our client's expectations. Welty does much more than construct and build great projects and buildings, we build relationships – with our clients, employees and the communities they serve.

#### **Duties and Responsibilities include:**

- Overall responsibility to support Project Manager, Finance Manager and Superintendent with daily construction activities.
- Primary responsibilities include but are not limited to:
  1. Safety Training and tracking.
  2. Issues Management
    - Enter Issues into Prolog. Close issues as directed by the Project Manager and disseminate information to all pertinent parties.
