At Welty Construction Company, we live our terminal values of **Openness, Passion, Teamwork, Integrity, and Customer Centricity (OPTIC)**. We bring a creative energy to our projects where every individual is an essential part of the team. The work we do is collaborative, with an entrepreneurial spirit, and opportunity for growth and improvement. With our cutting edge approach, we expand the boundaries of the way things have always been done in favor of innovation, and exceeding our client's expectations. Welty does much more than construct and build great projects and buildings, we build relationships – with our clients, employees and the communities they serve.

Welty Construction Company is seeking a project engineer who will provide leadership and safely produce projects that are on time and on budget with the quality of workmanship which Welty Construction expects.

Successful candidates must possess the following attributes:

- Bachelor's degree – Business or Engineering preferred
- Able to perform basic scheduling, project management software, word processing and spreadsheet applications
- Capable of managing multiple priorities simultaneously
- Ability to read and write in English
- Ability to read and understand drawings, blueprints, specifications and contractual documents
- Have all OSHA training required to supervise project
- Manage all self-performed labor
- Conduct themselves professionally with Welty Construction's longtime client and contractor relationships
- Ability to leverage technology within a construction environment

Welty Construction Company offers competitive compensation and benefits package.
