At Welty Construction Company, we live our terminal values of **Openness, Passion, Teamwork, Integrity, and Customer Centricity (OPTIC)**. We bring a creative energy to our projects where every individual is an essential part of the team. The work we do is collaborative, with an entrepreneurial spirit, and opportunity for growth and improvement. With our cutting edge approach, we expand the boundaries of the way things have always been done in favor of innovation, and exceeding our client's expectations. Welty does much more than construct and build great projects and buildings, we build relationships – with our clients, employees and the communities they serve.

Welty Construction Company is seeking an experienced project manager who will provide leadership and oversee the administrative aspects of assigned construction projects while supervising the activities of the superintendent, project assistant, and engineers.

Successful candidates must possess the following attributes:

- Bachelor's degree – Business or Engineering or equivalent experience
- Minimum five years of experience in a comparable size company
- Proficient in project management scheduling, construction software and word processing applications
- Understanding of project level accounting
- Capable of managing multiple priorities simultaneously
- Ability to read and write in English
- Ability to read and understand drawings, blueprints, specifications and contractual documents

- Conduct themselves professionally with Welty Construction's longtime client and contractor relationships
- Ability to leverage technology within a construction environment

Welty Construction Company offers competitive compensation and benefits package.

Interested candidates can send their resumes in confidence to careers@thinkwelty.com
