

Electrical Engineering Positions – Reading, Pennsylvania

Project Coordinator - Energy Division

Welty Building Company is looking for recent Electrical Engineering graduates (or Equivalent Degree), with 1 to 3 years of experience in the Energy sector preferred, to fill these positions in our growing Energy and Infrastructure Division.

Welty provides professional construction management services, specializing in Lean Construction, for clients in a variety of healthcare, commercial, education, energy and hospitality markets nationwide. With offices in Akron, Cleveland and Columbus, Ohio, Welty has been **Enriching Lives through Great Buildings since 1945**. Welty has had the distinction of creating some of the most prestigious community assets, including the world-renowned Goodyear® Tire & Rubber Company's new Global Headquarters, major renovations to the Pro Football Hall of Fame, Kay Jewelers Pavilion at Akron Children's Hospital, the FirstEnergy Transmission Control Center, Scioto Downs and many others. At Welty Building Company, we live our terminal values of **Openness, Passion, Teamwork, Integrity, and Customer Centricity (OPTIC)**. We bring a creative energy to our projects where every individual is an essential part of the team. The work we do is collaborative, with an entrepreneurial spirit, and opportunity for growth and improvement. With our cutting edge approach, we expand the boundaries of the way things have always been done in favor of innovation, and exceeding our client's expectations. Welty does much more than construct and build great projects and buildings, we build relationships – with our clients, employees and the communities they serve.

Duties and Responsibilities include:

- Preconstruction planning
- Facilitating site meetings
- Last Planner meetings
- Drive Collaboration
- QA/QC, safety coordination on Energy sites
- Overall site support for Project Managers

Qualifications and Requirements:

- Electrical or Civil Engineering preferred - equivalent degree required (including Construction Management)
- 1 to 4 years previous experience in the Energy sector
- 230kv Reb Transmission line and Substation background preferred
- Lean experience preferred
- Excellent leadership and facilitation skills
- Safety focused

If you are looking for an opportunity to gain valuable experience in the fast growing Energy sector, working for a premier organization where there is an incredible opportunity for career growth, this is the position for you!

Welty offers competitive compensation and benefits package. Interested candidates can send their resumes in confidence along with contact information to careers@thinkwelty.com.
